Hear From Our Customers

“

We use Paraeducator Online Training as a tool to help all our paraprofessionals meet “highly qualified” status through the Department of Public Instruction. This tool provides user-friendly training while reviewing and reinforcing necessary skills for our paraprofessionals. The online training tool is easy to access and use with both small and large group sessions. Assessments can be monitored in real time to give participants immediate feedback on their successes. Thank you for providing this valuable training tool.

—Lisa Hollenberger, Director of Special Education/Pupil Services, School District of Fort Atkinson, Wisconsin

Paraeducator Online Training has helped us fulfill our highly qualified paraprofessional training requirement. It's easy to use and manage and I feel the content is very well done.

—Candace Blakeslee, Human Resources Specialist, Wisconsin Rapids Public Schools, Wisconsin
